Raising Money for the Cause!

PledgIt is an online fundraising campaign that is performance based. PledgIt allows those fans donating to pledge any amount of money for every time a certain statistic appears. We have seen teams use strikeouts, hits, and runs as the most common statistic. This fundraiser is performance based and allows for an interactive experience amongst fans and players. Dan Grossi, the FundRazr/PledgIt account manager stated, "Having played club baseball for two years I know how teams don't get funding from their schools that they deserve. I have used both of these platforms and can tell you these platforms are a quick and efficient way to raise money for your team's budget!"

The NCBA offers these fundraisers, as a way to allow our teams to reach out to a large crowd and raise money for their team needs. We have seen much success amongst our teams in raising money on these platforms in a short period of time. For any questions about fundraising opportunities contact [Dan Grossi](#).
