

Fundraising for the 2014 Spring Training Showcase

Getting excited for warm weather, beaches and baseball? Let us help you fundraise for your Spring Break trip! CollClubSports and the NCBA have three great fundraisers that are sure to help any team meet their budget needs. Last year, our teams raised over \$35,000 for their programs using the league fundraisers that were offered. Take a look at how these sponsors can help your team get to Plant City this year!

Need to raise a lot of money?

theRubberU is Evolution Marketing's most successful fundraiser and perfect for your college-town! Pick and choose stores near you that are popular with your friends, family and local community members and Evolution Marketing will consult those businesses to create a discount or deal at that location. Once all of the businesses have been consulted, these deals will be gathered into a group and made available **exclusively** to people who you sell a special 'RubberU' bracelet to. Make budgeting a breeze and give 'theRubberU' a call at (304) 282-0355 or e-mail Vic at Evolution Marketing at vic@therubberu.com

Don't forget, traditional car washes, apparel sales and donation boxes are always a good way to get the word out about your team's financial needs too!
