Throwing Program Coordinator and Instructor at Next Level Training Center  
(Greenville, NC)

NCBA District Coordinator

Why would you make a good NCBA Division I Rules Committee Representative? **Having built an elite program from the ground up, I am uniquely experienced in 1) the obstacles a struggling and underfunded organization deals with, and 2) how to overcome those obstacles. I believe THAT experience, coupled with my years of service to the NCBA as an advocate and coordinator make me a perfect choice to facilitate, represent, and bring forward change to a set of guidelines that will help teams of all levels thrive. In addition, and more importantly, ensure that each and every NCBA participant have the best experience possible.**

Additional Comments: **Men, I have watched this league grow over the years and I have grown with it. As strange as it may sound, my experiences and relationships through the NCBA have made me the man I am. Please allow me to provide you all with this service, so that the NCBA can do the same for you, your teammates, and/or your players. I look forward to it!**
